

Philosophy of Hispanic Ministries

Instrument:

Hispanic Ministries is an instrument in God's hands to touch generations, nations, cultures and different groups of people in the United States.

Influence:

Hispanic Ministries is a vital part in connecting people to a variety of resources and opportunities to help reach more than 50 million Hispanics.

Bridge:

Hispanic Ministries is a bridge that brings together the new generation with the older generation for the work of the Lord.

Place:

Hispanic Ministries is a place where people can find the opportunity to work and serve the Lord together. This happens through training leaders, planting new churches, developing ministries, discipling people, and church growth.

Platform:

Hispanic Ministries is a platform from where we launch effective, relevant, creative, and visionary strategies to evangelize our nation. We understand the challenges of the present time and believe in God for great things.
