

Core Values of Hispanic Ministries

–Discover the purpose of God and hearing His voice, what He is saying to us and following His direction, is the most important aspect of this ministry.

–Observe the changes in our society and see the need to offer Biblical, fruitful and effective ways to evangelize our generation.

–Plant Churches, so that we are contextualizing the ministry according to the needs in the areas that we are reaching for the Lord.

–Seize opportunities given by God to preach the gospel, plant new churches, and disciple Hispanics in America.

–Train the younger generation to be able to reach, minister and develop strategies to work among themselves.

–Promote unity in the body of Christ to work together, because this is the only way we are able to reap the harvest in America.

–Value relationships and believe unity opens doors of ministry and work within the IPHC family.
